G/L 564070, PO Number 8500421558

Cost center G020201001 Administration of County Policy

Invoices received by Mary Wise of DMB with approval from Rachel Flynn, Deputy County Executive.

Notes to the Reader:

- 1) \$55k to validate a study that was totally transparent from day one and we spent 3 DPZ senior staf to participate in for an entire year . . . with no noted objections from FFX prior to the completion of the MWAA's study.
- 2) It cost the County \$13K of Johnson Aviation time and equivalent amount of 42 hours of who knows how many DPD staff "attending" these meetings to just get their story straight for the 7/21/20 Land Use Policy Committee Mtg.
- 3) Previous land notice for 1997 involved 2789 pieces for a total postage fee of \$1,464.23 (.525/ea). "Citizens repeatedly told it would be too onerous and costly to notify homeowners as another hurdle too high this go around justifying why the new 2019 MWAA Noise Contours should NOT be accepted as recommended by:
 - a) Environmental Quality Advisory Committee (EQAC) on 3/21/2019 - Recommending Approval/Adoption of MWAA 2019 Updated Noise Contour Map & Against Land Unit J Carve;
 - b) Planning Commission on 3/24/3019 - Recommending Approval - voted on 2 motions Approval/Adoption of MWAA 2019 Updated Noise Contour Map & Amend the Fairfax County Zoning Ordinance to reflect the updated, approved 2019 MWAA Noise Contour Map.
- 4) Data above received through Freedom of Information Act (FOIA) request to Fairfax County on August 11, 2020.
